Five-High Lateral Files

Pre-configured Lateral Files combine various drawer heights to provide dedicated letter-, binder- or combination-use cabinets and drawer openings.

WHAT'S INCLUDED

1 cabinet case, 5 drawers, Structural Module or Posting Shelf above the third drawer, as specified, hanging file bars, 2 counterweights, if specified, lock and keys.

NOTES

Not all configurations are available as Xpress. Please see Xpress catalogue and/or specification software for details.

Combo (C) and Binder (B) height options default to Standard Top Shelf.

Individually Locked (L) is not available if Height (S) is specified.

Full Pull style is finished to match drawer front. Rectangular Handle Pull style will default to Platinum.

Ensure product is leveled. If front/door alignment is needed, it can be done by either releasing the front mounting screws, adjusting the front/door and tightening the screws, or by using hinge adjustments to ensure an equal gap.
