

# aarea conference chair overview

Designed to be as good for people as it is for the planet, Aarea provides a welcoming and familiar structure; ergonomic and adjustable yet still cozy and inclusive. The first impression is hospitality, while the experience is of intuitive performance. Made with high quality recycled polyester, the mélange knit provides invisible ergonomic support. The tension in the knit provides a seamless visual while still supporting the occupant's preferred posture.

# aarea conference chair dimensions & material requirements

## features

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

## weight

Conference Chair, 4-Star Base	38 lbs
-------------------------------	--------

## 4-Star Base

## COM/COL material requirement

The pattern, repeat and directionality of fabric may increase the amount of yardage required.

Leather quantities should always be rounded up to the next hide size, as yields vary from 60-80% and are affected by the quality, size and shape of the hide, and by the location and quantity of blemishes.

Conference Chair	1	13.5

# area conference chair adjustment features & instructions

## seat height-adjustment

Seat height can be adjusted by lifting the lever underneath the seat on the right side. When the lever is lifted up, the weight of the body will cause the seat to lower. Releasing the lever stops the seat at the desired height. Lifting the lever up with no weight on the seat allows it to rise.

## back tilt lock adjustment

\*Only available on chairs without tablet.

Moving the lever found under the right side of the seat locks and unlocks the recline. Push the lever backward to lock the chair in upright position. Pull the lever forward to unlock the tilt function.

## tablet adjustment

Universal tablet available for left or right-handed users. Swivel the arm to desired side and pivot tablet surface as required.
